As far as I know the only third party payer for order flow, as of October '13, was EEFEX. There was BNP P3 in FXCM US in the beginning of the year, but that appears to have ceased.

Hi Baruch,

RSM McGladrey is looking for a list of liquidity providers that we receive payments from for order flows. Can you please provide that list or would you be able to refer us to the responsible individual(s)?

Thanks,
